

Jack in the Box

Mr. President

Jack in the box, eoa,
Jack in the box, eoa,
Jack in the box, eoa,
Jack in the box, eoa

Could you mean it, and kick it at this ease
Got something special, so what did I miss
All the ladies in the house trying to getting it lift,
Don't understand it, but I'm getting the gist
All the brothers in the house pump up in your fist,
And all the ladies in the house just wanted to kiss,
Cause he's a smooth dog, to fashioned of life,
Got a girl in every town, yo jack in the box

Get you what you wanna get you,
Get my joking jumping jack,
Get you, all I wanna get is you
Get you what you wanna get you,
Get my joking jumping jack,
Get you, all I wanna get is you

He is jack in the box, jack never stops,
We're fooling jack in the box all night all day
He is jack in the box, jack never stops,
We're fooling jack in the box all night all day
Eoa

Come on and take my hand, gimme respect,
And you're moving and you're proving and you owe me a check,
All the ladies in the house couldn't wanna protect
And they're waiting and they're chilling and they wanna select
All the brothers in the house are switching their neck,
They waited down a twenty four, eat him direct
They've got gold diamond rings, penny rocks,
Whether here or there, yo jack in the box

Get you what you wanna get you, get my joking jumping jack,
Get you, all I wanna get is you

Eoa, eoa

Jack in the box, jack is in the box
Jack in the box, yeah, all night all day
Jack in the box, yeah, he never stops me fooling
Jack in the box, all night all day, eoa
