

# Whenever You're Lonely

Mr. Vegas

We been together baby for a very long time  
All kinda weather, rain and the sunshine  
Now we reach another mountain and everything,  
all come falling, all come tumbling down  
So many people try play we destiny and faith  
But dem fi know sah this a love,  
this a nuh time fi hate  
Now we reach another level and everything,  
all come falling, all come crashing.

We build a life together  
We look out for each other  
Like ocean on a river  
We run to one another

They can't stop  
Nothing can stop wi  
They can't stop  
Nubody can't stop wi  
So many people want wi fall dem wah fi  
Si wi fail  
Put a bag a obstacle all along  
We love way  
Dem can't stop wi  
Nobody cah stop wi  
They can stop wi  
Nothing can't stop wi now

Whenever you're lonely  
And you need me  
Call on me  
And I'll be there wo oh  
We like a pen to a letter  
And I'm not leaving you  
My one and only, when you need me,  
call on me and I'll be there, wo oh  
Baby we belong together  
And I'm not leaving you...

For so long I dreamt of being here by your side  
Down on my knees asking you to be my bride  
Still Nuff a dem a run a come a bag a lies  
All come falling all come tumbling down  
Mi Neva know say all weh friends a turn wi enemies  
Dem full a so much envy and jealousy  
Can't believe say them want this love fi disconnect  
All come falling all come crashing

Looking at you is like staring in the mirror  
When the rain fall girl  
I'll be your umbrella
