

## Goodnight & Goodbye

Mree

Oh, how I love how the sun lays upon us  
Staining the inches of skin  
Oh, says the clouds as they whisper above us  
Oh, what a life it's been

And all of the lies we've lied  
And all of the time that's timed our lives  
How do we know what's wrong or right this time?

When all of the trees falling down to the ground and  
Fall to your knees like a child that is crawling  
All the while we never stop to smile

Oh, how she loves how the spring comes to greet her  
With lands overflowing with green  
All of the drops pulling down 'till they meet us  
Latchings themselves onto me

We may not have missed this time  
But then when they all run dry  
And that beautiful light that lights our eyes is gone  
What have we done?

When all of the trees falling down to the ground and  
Fall to your knees like a child that is crawling  
All the while we never stop to stare  
Do we even care?

When all of the tears from her eyes have collected  
Form in the skies and leave us unprotected  
I can't fathom why we say goodnight  
When we mean to say goodbye  
Goodbye, goodbye  
Goodnight, goodbye
