

## Of the Trees

Mree

I haven't said  
The lines that read  
You haven't read the lines upon my face

For you I've traced  
The lonely space  
For you, my feet have lost their place

Lost their place  
Lost their place  
Lost their place

So don't fall on me  
So don't fall on me  
So don't fall  
On me

I haven't tried  
To break the ties  
For all I've done is lie and lie

To you the leaves  
That fell from trees  
To you their life has come to leave

Come to leave  
Come to leave  
Come to leave

So don't fall on me
