

## Winter

Mree

They say love is in the air  
So why can't I breathe in this repair  
Let's say we trade heartbeats  
What's mine is yours and yours is mine  
For when you're here with me  
I sleep so peacefully at night

Now heavy coats we wear  
Snow clinging to your hair  
Let's say we both believe  
That maybe all we need is time  
Then maybe truthfully  
We will be perfectly aligned

I don't care what they say  
I am already awake  
My hands are shaking for you  
For you

Let's say our lips will meet  
We'll become lovers as I've seen  
It can be black and white  
Or all the spectrums in between

I don't care what they say  
I am already awake  
My hands are shaking for you  
For you
