

## After Dark

Mr.Kitty

I see you, you see me  
How pleasant, this feeling  
The moment you hold me  
I missed you, I'm sorry  
I've given what I have  
I showed you I'm growing  
The ashes fall slowly  
As your voice consoles me

As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know  
As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know

We're swaying to drum beats  
In motion, I'm feeling  
My patience controlling  
The question, I won't speak  
We're telling the stories  
Our laughter, he knows me  
We're leaving, we're talking  
You're closer, it's calming

As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know  
As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know

The night will hold us close and the stars will guide us home  
I've been waiting for this moment, we're finally alone  
I turn to ask the question, so anxious, my thoughts  
Your lips were soft like winter, in your passion, I was lost

As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know  
As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know

As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know  
As the hours pass  
I will let you know  
That I need to ask  
Before I'm alone  
How it feels to rest  
On your patient lips  
To eternal bliss  
I'm so glad to know
