

# Amnesia

Mr.Kitty

A sickness inside  
From demons I hide  
My mind is consumed  
Fill me up with gloom

As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember

Once there was a time  
I could close my eyes  
Condemned to my shell  
Sickness and in health

As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember  
As I grow old, I will forget you  
As time moves on, I won't remember
