

## Below

Mr.Kitty

I remember the nights  
When I thought you were right  
To keep me alive  
By taming the light  
So sacred, you kept  
Burning the time  
In a palace of tears  
I cannot reside

In my palace  
You'll be safe from harm  
(You'll be safe from harm)  
Below the surface  
Always trapped alone  
(Always trapped alone)

A glorious sight  
The end of the tide  
To wash me away  
In the dark of the night  
Pulling me tight  
A pressure to fight  
The grip that I felt  
I suddenly died

In my palace  
You'll be safe from harm  
(You'll be safe from harm)  
Below the surface  
Always trapped alone  
(Always trapped alone)

In my palace  
You'll be safe from harm  
(You'll be safe from harm)  
Below the surface  
Always trapped alone  
(Always trapped alone)  
In my palace  
You'll be safe from harm  
(You'll be safe from harm)  
Below the surface  
Always trapped alone  
(Always trapped alone)
