

Bullet

Mr.Kitty

It's not goodnight, this is goodbye
I cannot promise I'll see the light
I will miss you with all my heart
I'll give you now to tear apart

I know a place inside of me
That I never want to be
I needed time, how can't you see
Something is taking over me
This is the end I don't believe
There is anything for me
Into the dark final retreat
I'll take the bullet through my teeth

When you grieve do you believe
All your tears will summon me?
By space around that should be
With lungs of stone I forgot to breathe

I know a place inside of me
That I never want to be
I needed time, how can't you see
Something is taking over me
This is the end I don't believe
There is anything for me
Into the dark final retreat
I'll take the bullet through my teeth

I know a place inside of me
That I never want to be
I needed time, how can't you see
Something is taking over me
This is the end I don't believe
There is anything for me
Into the dark final retreat
I'll take the bullet through my teeth
