

# Cold

Mr.Kitty

A slow death

I'm in the depths  
The heart of me  
In the dark  
In the place

With my memories

Abandoned  
I was left alone  
In an empty space  
In the coldest place  
In the coldest place  
Freezing from the inside  
What's it like to die?  
Abandoned  
I was left alone  
In an empty space  
In the coldest place  
In the coldest place  
Freezing from the inside  
What's it like to die?

I don't know  
If I'm here  
From the terror  
That felt unreal  
As I'm dead  
You'll take  
All the things  
That created me

Abandoned  
I was left alone  
In an empty space  
In the coldest place  
In the coldest place  
Freezing from the inside  
What's it like to die?  
Abandoned  
I was left alone  
In an empty space  
In the coldest place  
In the coldest place  
Freezing from the inside  
What's it like to die?
