

## Crying

Mr.Kitty

Under the golden light  
Tears of salt reside  
I'm all alone inside  
I never felt alive  
They have a place in line  
I never had a time  
Waiting here isn't right  
Give me the peace of mind  
Give me the peace of mind

You ended me on darkest day, darkest days  
I made the terror go away, go away  
Is this where you want to be with me forever?  
You saturate the darkest gray, darkest grays  
I'll take away all the pain, all the pain  
This is where I want to be with you forever

Do you wanna go hard?  
I don't fucking know you  
Do you wanna go off?  
So talk it like you know me  
Do you really wanna go hard?  
Quit the fucking crying?  
Do you really wanna go off, go off?  
Watch me do all of the shit I say I do  
Get out of my way, I'll be coming through  
You can't tell me shit, I ain't listening  
Eiffel Tower in the night, I'll be glistening

I felt as cold as ice  
See it beneath the light  
Crystalline was aligned  
Lighting my aura bright  
Too late to apologize  
Now I will close my eyes  
All I can do is cry  
Too soon to say goodbye  
Too soon to say goodbye
