Don't Worry

Mr.Kitty

Twelve o'clock at night
I'm nowhere in sight
No I will not fight
I must do what's right

At times I feel I'm dying
I know I am not alone
They want me to quit trying
Suicide over the phone
Please tell them I am okay
I do not wish to be here
One day I'll finally conquer
Till then just forgive me dear

Nights have been too rough
Weak and out of luck
I have had enough
I would kill for love

At times I feel I'm dying
I know I am not alone
They want me to quit trying
Suicide over the phone
Please tell them I am okay
I do not wish to be here
One day I'll finally conquer
Till then just forgive me dear

At times I feel I'm dying
I know I am not alone
They want me to quit trying
Suicide over the phone
Please tell them I am okay
I do not wish to be here
One day I'll finally conquer
Till then just forgive me dear

At times I feel I'm dying
I know I am not alone
They want me to quit trying
Suicide over the phone
Please tell them I am okay
I do not wish to be here
One day I'll finally conquer
Till then just forgive me dear
