

# Everything Will Be Okay

Mr.Kitty

We could be  
Anything we want to be  
And you could mean  
Everything to me  
I'm barely hanging on  
And we're slowly floating on

Close your eyes  
And everything will be okay  
No more lies  
Stay with me 'til the break of day

This could be  
Our only chance to fight  
Take this heart  
Beyond great heights  
All is fleeting  
And I'm withering away  
Abandon everything  
Cause there's nothing left to say

Close your eyes  
And everything will be okay  
No more lies  
Stay with me 'til the break of day

Close your eyes  
And everything will be okay  
No more lies  
Stay with me 'til the break of day  
Close your eyes  
And everything will be okay  
No more lies  
Stay with me 'til the break of day
