

Father

Mr.Kitty

Through the night cars pass by my eyes
I will fall to get back up and cut you off

Burning stars I will see
Jagged roads at my feet
Why don't you think of me
Blurry eyes cry for thee
Hold me from underneath
Father's gone, let him be

Show me your hands
I cry for you everyday
We've reached the end
If you need me I won't be here

Burning stars I will see
Jagged roads at my feet
Why don't you think of me
Blurry eyes cry for thee
Hold me from underneath
Father's gone, let him be
Burning stars I will see
Jagged roads at my feet
Why don't you think of me
Blurry eyes cry for thee
Hold me from underneath
Father's gone, let him be
