

Heaven

Mr.Kitty

Dark skies will call me
Closer so softly
Angels are falling
Your voice is calling

I won't cry now
Cause I'm in heaven with you
I can't die now
Cause I'm in heaven with you
I won't lie now
Cause I'm in heaven with you
I can fly now
Cause I'm in heaven with you

Eyes wide see nothing
Death is out hunting
He won't take my soul
Your touch makes me whole

I won't cry now
Cause I'm in heaven with you
I can't die now
Cause I'm in heaven with you
I won't lie now
Cause I'm in heaven with you
I can fly now
Cause I'm in heaven with you

I won't cry now
Cause I'm in heaven with you
I can't die now
Cause I'm in heaven with you
I won't lie now
Cause I'm in heaven with you
I can fly now
Cause I'm in heaven with you

I won't cry now
Cause I'm in heaven with you
I can't die now
Cause I'm in heaven with you
I won't lie now
Cause I'm in heaven with you
I can fly now
Cause I'm in heaven with you
