

# Hell

Mr.Kitty

Fortresses keep you safe  
Cleansing you of your pain  
How can I make you stay  
I think I'll do the same

I won't give up, the truth is near  
Heaven's a lie, it is not here  
There is no god, your veil is sheer  
With nothing left, we live in fear

Fragments piece into us  
Let me go, I will rust  
Angered hands you won't trust  
We will do what we must

I won't give up, the truth is near  
Heaven's a lie, it is not here  
There is no god, your veil is sheer  
With nothing left, we live in fear
