

## In Your Arms

Mr.Kitty

When we first met I fell apart  
You carved the words inside my heart  
It hurts to breathe when I'm alone  
It hurts to be unknown

We've got our own grave with both names it's do or die  
I can't hear you but I can feel you - you're by my side  
To feel the time move the hues that paint you you can't hide  
We've got our own grave with both names it's you and I

Somehow, somewhere it's in the air  
I'm in your arms, I'm in your care  
Across the floor our hearts are strewn  
Exchanging touch my wounds are sewn

We've got our own grave with both names it's do or die  
I can't hear you but I can feel you - you're by my side  
To feel the time move the hues that paint you you can't hide  
We've got our own grave with both names it's you and I

Every night I try to reach you, there's never a reply  
If there's a way I can see you, I am ready to die

We've got our own grave with both names it's do or die (it's do or die)  
I can't hear you but I can feel you - you're by my side (you're by my side)  
To feel the time move the hues that paint you you can't hide (you can't hide)  
We've got our own grave with both names it's you and I (it's you and I)
