

Into Nothing

Mr.Kitty

I close my eyes
To clear my mind
The pain inside
Will be no more

I'll fade away
Just for today

Into nothing
Into nothing
Into nothing
Into nothing

Darkness holds me
I'm not alone
No one knows me
I'll disappear

I'll fade away
Just for today

Into nothing
Into nothing
Into nothing
Into nothing

I'll fade away
Just for today
I'll fade away
Be back someday

Into nothing
Into nothing
Into nothing
Into nothing
