

# No Longer Human

Mr.Kitty

All alone  
I had a voice  
I'll show to you  
As is my choice  
Authentically  
It's all I've known  
To others I  
Will never grow

I feel that I am no longer human  
I feel that I am losing all my self-control  
I feel that I am no longer human  
I feel that I am letting go of all I know

Hide a string  
Around my wrist  
The world for me  
To be dismissed  
Watch as I go  
At your demand  
Vicariously  
Alive again

I feel that I am no longer human  
I feel that I am losing all my self-control  
I feel that I am no longer human  
I feel that I am letting go of all I know
