

Pathogen

Mr.Kitty

Please help, save me
Take over my mind
Control my eyes
See through your lies

In my veins cancer crawls
You're in pain, cut me off
Don't cry
In my head your face remains
Pathogen, take me down

Inside these walls
Hide my thoughts from you
Destroy, consume
No truths came through

In my veins cancer crawls
You're in pain, cut me off
Don't cry
In my head your face remains
Pathogen, take me down
In my veins cancer crawls
You're in pain, cut me off
Don't cry
In my head your face remains
Pathogen, take me down
