

Resurrection

Mr.Kitty

Mother
Thought I was here
Cancer
The only cure
Falling
A dark abyss
Always
Remember this

You will die
But I will
Live forever
As time fades
You will die
But I will
Live forever
As time fades

Closing
Her painted eyes
Sever
The binding ties
Holding
A gun within
Eternal
We'll meet again

You will die
But I will
Live forever
As time fades
You will die
But I will
Live forever
As time fades

She fell to the floor
It wasn't the end
She left so soon
My only dear friend

I picked up the gun
Barrel rests on my head
Let this be a reminder
For everything left unsaid

I couldn't speak
I couldn't move
My eyes were shut
And everything went black

You will die
But I will
Live forever
As time fades
You will die
But I will

Live forever
As time fades

One day I'll break her heart
One day we'll meet again
...
