

Sacrifice

Mr.Kitty

With eager hands I feel my way
A single word you will not say
Do not resist the things you lust
Please show me how your heart will rust

I will burn in your eyes
Cut me with the sacred knife
It won't hurt, can you see?
I'm ready to freely bleed
With your heart made of ice
You are rotting from inside
For your god take my life
I'm the virgin
Sacrifice

I'm safe inside to leave no wound
I'll take my time cleansing your youth
A kiss so soft like gentle hands
Mending the pain inside your head

I will burn in your eyes
Cut me with the sacred knife
It won't hurt, can you see?
I'm ready to freely bleed
With your heart made of ice
You are rotting from inside
For your god take my life
I'm the virgin
Sacrifice

I will burn in your eyes
Cut me with the sacred knife
It won't hurt, can you see?
I'm ready to freely bleed
With your heart made of ice
You are rotting from inside
For your god take my life
I'm the virgin
Sacrifice

I will burn in your eyes
Cut me with the sacred knife
It won't hurt, can you see?
I'm ready to freely bleed
With your heart made of ice
You are rotting from inside
For your god take my life
