

# Shapeshift

Mr.Kitty

Everyday I'm slowly falling  
[?] calling your name  
Every second our time is fading  
Keeping me away from you

Morphine to the beast  
I will shapeshift into you  
Look into my eyes  
Can you see what I've been through?

Morphine to the beast  
I will shapeshift into you  
Look into my eyes  
Can you see what I've been through?

Everyday I'm slowly falling  
I'll be calling your name  
Every second our time is fading  
Keeping me away from you

Scream into my ear  
Let me die right here  
Scream into my ear  
Let me die right here
