

## Suffocation

Mr.Kitty

We ignore refused consent  
Animals do not repent  
Courtesy to intervene  
Weathered down my selfish needs

I suffocate  
And promise me you won't resuscitate  
And if I change my mind it's far too late  
I'm wasting my days as I've wasted my nights and I've wasted my  
youth  
You're waiting for something  
You've waited in vain because there's nothing for you

Humility yet to be seen  
Models made of plasticene  
Morality disgrace us now  
Entertain and take a bow

I suffocate  
And promise me you won't resuscitate  
And if I change my mind it's far too late  
I'm wasting my days as I've wasted my nights and I've wasted my  
youth  
You're waiting for something  
You've waited in vain because there's nothing for you
