

# The View Isn't The Same

Mr.Kitty

It was on a summer night  
At last I knew the time was right  
In the dark I finally met you  
Through the lights and heavy smoke  
The lust between us tends to show  
I'll leave the crowd to get you closer

The view is not the same without you  
It's not the same without you  
It's not the same without you  
The view is not the same without you  
It's not the same without you  
It's not the same without you

In a bath of lavender  
You told me words I hadn't heard  
The music played and nothing hurt me  
On my chest I let you cry  
I couldn't find the reason why  
This moment seemed to last forever

The view is not the same without you  
It's not the same without you  
It's not the same without you  
The view is not the same without you  
It's not the same without you  
It's not the same without you  
The view is not the same without you  
It's not the same without you  
It's not the same without you  
The view is not the same without you  
It's not the same without you  
It's not the same without you  
The view is not the same without you  
It's not the same without you  
It's not the same without you
