

## Violence

Mr.Kitty

You race through my mind like a bullet inside of my brain  
If I wanted to take you out  
How long will I have to wait?  
You smash my head in with a hammer to cure my ache  
If there's nothing left of me  
Am I really in that much pain?  
You race through my mind like a bullet inside of my brain  
If I wanted to take you out  
How long will I have to wait?  
You smash my head in with a hammer to cure my ache  
If there's nothing left of me  
Am I really in that much pain?

With a heart of [?]  
I don't need it  
I am over this  
Do not be better than me  
I don't need the violence  
I don't need the violence  
I don't need to know that  
You're a liar, burn [?]  
Burn [?]

You reduce my soul to cinder and ash ablaze  
If it hurts to put me out  
Why am I the one to blame?  
You take my skin off to wear as your new charade  
Show them how you turn our love  
Into something full of hate  
You reduce my soul to cinder and ash ablaze  
If it hurts to put me out  
Why am I the one to blame?  
You take my skin off to wear as your new charade  
Show them how you turn our love  
Into something full of hate

I don't need it

Do not be better than me  
I don't need the violence
