

## XIII

Mr.Kitty

At this time  
Put the knife  
In your chest  
Take your life  
Candlelight  
Burning bright  
Guide your eyes  
Through the night

X I I I  
Open your third eye  
See through my disguise  
Turn the truth to lies  
X I I I  
Let your demons die  
When you sleep at night  
I'll be your demise  
X I I I  
Open your third eye  
See through my disguise  
Turn the truth to lies  
X I I I  
Let your demons die  
When you sleep at night  
I'll be your demise

Amulet  
On my neck  
Banish those  
God protect  
Pentagram  
On my hands  
Spirits dance  
Where I stand

X I I I  
Open your third eye  
See through my disguise  
Turn the truth to lies  
X I I I  
Let your demons die  
When you sleep at night  
I'll be your demise  
X I I I  
Open your third eye  
See through my disguise  
Turn the truth to lies  
X I I I  
Let your demons die  
When you sleep at night  
I'll be your demise

X I I I  
Open your third eye  
See through my disguise  
Turn the truth to lies  
X I I I

Let your demons die  
When you sleep at night  
I'll be your demise

See through my disguise  
Turn the truth to lies
