

# What Are We

mrld

Stop

Stop all the nonsense and all the words you don't mean  
Back off  
If you don't want this to be something  
'Cause I've been hanging in your words  
You're making it feel worse  
And I don't wanna hurt myself again

So what are we?

Is this fantasy?  
I can't understand I need subtitles  
Tell me, what are we?  
Is this some type of stupid story?

That is untitled

Tell me if we're lovers or not  
'Cause we've been talking for months  
And I don't have a clue  
'Cause all I want is you

Stay

'Cause I don't want to look like I'm trying to assume  
Afraid  
'Cause maybe you'd get tired of me too  
But I've been hanging in your words  
I don't where it hurts  
And I don't wanna hurt myself again

So what are we?

Is this fantasy?  
I can't understand I need subtitles  
Tell me what are we?  
Is this some type of stupid story?  
That is untitled

Tell me if we're lovers or not  
'Cause we've been talking for months  
Tell me do you want this to grow?  
Or are you tryna put up a show?

So what are we?

Is this fantasy?  
I can't understand I need subtitles  
Tell me what are we?  
Is this some type of stupid story?  
That is untitled

Tell me do you love me or not?

'Cause you've been talking too much  
Maybe I'm up high and then you're low  
'Cause I can't let you go
