

Wait up

Mrozu

Wait up, you got me so frustrated
'Cause I was manipulated
Hell yeah, I'm tired of hidin' and seekin' and runnin'
Hell yeah, it's enough of sacrifice
Hell yeah, hatin' and lovin' - I'm messed up honey
So slow it down

I need you to wait up, wait up, wait up
I got you on my radar, radar, radar
You better surrender lady, lady
You make me go down, down, down
Oh oh oh oh everyone is screamin' her name
Oh oh oh oh everyone is goin' insane
'Cause tonight she's gonna rock the whole town

Why is it so complicated?
I was so devastated
Hell yeah, I'm tired of hidin' and seekin' and runnin'
Hell yeah, it's enough of sacrifice
Hell yeah, hatin' and loving' - I'm messed up honey
So slow it down

I need you to wait up, wait up, wait up
I got you on my radar, radar, radar
You better surrender lady, lady
You make me go down, down, down
Oh oh oh oh everyone is screamin' her name
Oh oh oh oh everyone is goin' insane
'Cause tonight she's gonna rock the whole town

Anything she do she makes me wanna get her
All the things she say it doesn't really matter
She's gonna take you fast to another level

She's gonna make you feel like stayin' here forever
Run away boy - boy just forget her
She's gonna take you fast to another level
Down, down, down, down, down, down, down, down

Wait up, wait up, wait up
I got you on my radar, radar, radar
You better surrender lady, lady
You make me go down, down, down
Oh oh oh oh everyone is screamin' her name
Oh oh oh oh everyone is goin' insane
'Cause tonight she's gonna rock the whole town
