

Bangs

Ms Banks

Came up straight out the hood, ay
Make it home, it's a good day
Bitches never understood, ay
Couldn't walk in my [?]
Never, I'm doing better
We're scraping whatever to get in this cheddar
As cold as [?]
All I want is cream
Screaming "Fuck the scene!"
You know where I've been
Just a hope and a dream
I do this for the team
And it bangs

She just dropped her card, hope it bangs
Got my weave laid with the bangs
I just hit a [?], hope it bangs
Hope it bangs, yeah bangs
Play this in your speakers, bet it bangs
Get me on a feature, bet it bangs
Yeah that boy's a dog, he just bangs
I bet you wanna fuck the gang, ay

I bet you feeling like the man
'Cause you popping [?] and taking them Xans
I don't fuck with that, we should get it banned
You don't fuck with me but you've been a fan
How they switch up on me, don't understand
I just want a hundred grand, rubber bands
Rappers stunting, doing shit for the cam
I was in Jamaica getting a tan
My nigga you mad? (My nigga you mad?)
Like MJ, I'm bad, you ain't even a tad
Hit the spliff then I dab
Make it bang in the lab
Should get you a cab
'Cause you ain't going in
Beefing me is a sin
Get you smoked like a fag
But I will take a drag
I just gotta secure the bag
And it bangs

She just dropped her card, hope it bangs
Got my weave laid with the bangs
I just hit a [?], hope it bangs
Hope it bangs, yeah bangs
Play this in your speakers, bet it bangs
Get me on a feature, bet it bangs
Yeah that boy's a dog, he just bangs
I bet you wanna fuck the gang, ay

Woah it's some bad chickas
Sexy senioritas
Gassed up by the litre
Couldn't give a fuck if you don't feel her
Hot girl but she's greazy

Goes hard, she ain't easy
Classy when you see me
But can get bat shit if there's need be
Got paid on a Monday
Still [?] on a Sunday
Look good on a bum day
Going in like it's one way
Roll up in that foreign
Dutty gal, you've been whoring
Check the board, I've been scoring
On me they've been snoring
Still it bangs

Hair laid with the bangs
Hit a [?], bet it bangs
In your speakers, bet it bangs
I'm your feature, bet it bangs
Drop a card, yeah it bangs
Bangs, yeah it bangs
Yeah it bangs, yeah it bangs
Ay, yeah it bangs
