

Drip

Ms Banks

Big whips, big racks
Money in the bank, I got big stacks
Buss down, wrist flash
It's a workout when I lift cash
Show you how to drip, drip, drip, drip, drip, drip, drip
I make the money flip, flip, flip, flip, flip, flip, flip

Big Banks, pull up in a big black Range
Red bottoms on, that's period pain
Always on my grind, man, I gotta maintain
Steppin' out clean, when you see me, not a stain
He just gimme brain, I got money on the brain
Melanin skin match the ebony grain
Wanna know my story, how I was before the fame
I've always been the same, what's my name?

Vroom-vroom
I'll be back soon
Hotter than June
Money's the perfume
Couldn't give a fuck 'bout what they saying or assume
'Cause these niggas flockin' when I step into the room
Well respected
If the games dead, I resurrect it
Fuck with me, end up on a necklace (Yeah)
Flex on a bitch, flex on a nigga
Ass getting fat, money getting bigger

Big whips, big racks
Money in the bank, I got big stacks
Buss down, wrist flash
It's a workout when I lift cash
Show you how to drip, drip, drip, drip, drip, drip, drip
I make the money flip, flip, flip, flip, flip, flip, flip

Big dripper, big stepper
Anytime I'm in the dance more time they cut a big chequerr
That's ya man? What a dilemma
'Cause the way he on my body would'a thought that we go together
Spent your whole life savings at the bar
Gyal ah star, gyal ah star, gyal ah star
Julio bottle, long like the SLR
But you want my number, ya ah tek it too far

I made it rain for all the pain
Anytime I hop off a plane they're always glad I came
I just put some ice on my watch and put some on a chain
I ain't never switch up my lane but switch up on a lame
Bitches always coming in the section, who are you?
(Ah wah di? Uh-uh) Who ordered Azul?
Tequila shots ain't the only time we seein' blues
We gettin' to the bag and they mad nothing new

Big whips, big racks
Money in the bank, I got big stacks
Buss down, wrist flash
It's a workout when I lift cash

Show you how to drip, drip, drip, drip, drip, drip, drip
I make the money flip, flip, flip, flip, flip, flip, flip
