

I'm Good

Ms Banks

Came from the dirt did dirt nowadays might catch me in a merc
Grew in a church didn't work, fuck imma hit 'em where it hurts
In the face of the devil I smirk, light work, still I put God first
Shit fucked cuh I still say a prayer right before I put these bitches in a h
earse
Crazy how I have outburst, worst comes worst you gon' need a nurse
Can't fill purse then you can disperse
Fill up my account I can put it in reverse
Big body benz when I pop up on the stick
Tight tight nookie make nigga come quick
Never knew he had a girl, I just thought you was a link
Put the pussy on him once and she ain't seen him since

Don't be surprised when I stack stack stack
Anything I want I get that that that
Even if it's hard imma make it happen
That facts, on my life
I got the mind of a leader
And right now's my season
So don't mind me
It's time for last dance, dance your last dance

Cause I'm good, I'm good No I'm good
And I'll right back where you found me
I'm Good can't lose
And I should, I should, give you the recipe cause I could
But I think it's for the last dance, the last dance
Dance your last dance

You bitches more gas than methane
Naturally sweet wanna taste the sugarcane
I'm a bad bitch I'm the type you can't tame
Bitches wanna call out my name are you insane
Still that same bitch from pen game
Been holding it down must've lost your membrane
I'm the heavy weight, ten bolts and ten chains
I ain't with the Bull, I see red and leave stains
Stepping on necks
U don't like me still u gotta show respect wtf bitch
Ready told you that I ain't the one to fuck wid
I'm like a Afro you can't touch this
Sending shots wanna live better duck quick
You don't fuck wid da kid but your stuck wid
I'm da queen bitch dere ain't no discussion
Play with me der' gaan be repercussions

Don't be surprised when I stack stack stack
Anything I want I get that that that
Even if it's hard imma make it happen
That facts, on my life
I got the mind of a leader
And right now's my season
So don't mind me
It's time for last dance, dance your last dance

Cause I'm good, I'm good No I'm good
And I'll right back where you found me

I'm Good can't lose
And I should, I should, give you the recipe cause I could
But I think it's for the last dance, the last dance
