

Issues

Ms Banks

Hey, it's the things you do, yeah, yeah
It's the way you move, yeah, yeah, yeah
How you hold a groove, yeah, yeah
You flow, can't let you go, ay

'Cause you're not substitute
One time for the runners-up
I took my time now I'm stepping up
I stopped the lies, yeah, you had enough
'Cause you just want the truth
I been around now I'm back in touch
You give me life and you show me love
You give me life and you show me love

I say we put our issues aside
Even just for one night
I say we put our issues aside
Even if it's just for one night
Let me hit it one more time, yeah, yeah

I know we don't see eye to eye but that's cool sometimes
Yeah, yeah, yeah, yeah
Girl, you can show me the bad, I know that you're still my type
My type, my type

'Cause you're not substitute
One time for the runners-up
I took my time now I'm stepping up
I stopped the lies, yeah, you had enough
'Cause you just want the truth
I been around now I'm back in touch
You give me life and you show me love
You give me life and you show me love

I say we put our issues aside
Even just for one night
I say we put our issues aside
Even if it's just for one night
Let me hit it one more time, yeah, yeah

I know it can't last
But that ting inside your pants, it moves me
And I know it's only one night, baby (One night only)
But I can see the way you move, can't fool me
I wanna feel it all inside and
Hop on and ride it
No he can't deny it, boy
That he got me excited
So, baby, ignite my fire, desire
Don't play with it while it, why you do me like that?
Keep a big stack and my body in tact
If you push up on it, I'ma fling it right back

I say we put our issues aside
Even just for one night
I say we put our issues aside
Even if it's just for one night

Let me hit it one more time, yeah, yeah
