

Know U Know

Ms Banks

Anytime that I step
Better show me respect
Run up a cheque, run a cheque
And I keep them in check
And I'm rolling with my seat low
And I'm coming with my people
Know they hating on the DLow
I'ma hit them with the free throw
Anytime that I step
Better show me respect
Run up a cheque, run a cheque
And I keep them in check
And I'm rolling with my seat low
And I'm coming with my people
Know they hating on the DLow
I'ma hit them with the free throw

Yeah I know you know
Hitting up your phone like I know you know
I can spin a nigga but I'll let it go
You can't be my man, you can give me low
Woo!
Yeah I know you know
Yeah I know you know
Yeah I know you know
Yeah I know you know

Tell me baby, tell me that you love me
Know I'm sexy, know you wanna fuck
Know you put no other bitch above me
You're beneath me 'cause you know I'm coming up
Off your name they wanna come up off
If they coming for me know it's popping off
Love my people and I wanna see us win
Some would rather see us dead or in the bin
Can't you see what's happening in Libya?
Bombing children up in Syria
I've got peace but they looking for trivia
How you killing La Familia?
Black love, white love
Dripping, come and give me pipe love
Pussy popping, keep it tight love
Have you skeeting like a pipe bust

Anytime that I step
Better show me respect
Run up a cheque, run a cheque
And I keep them in check
And I'm rolling with my seat low
And I'm coming with my people
Know they hating on the DLow
I'ma hit them with the free throw
Anytime that I step
Better show me respect
Run up a cheque, run a cheque
And I keep them in check
And I'm rolling with my seat low

And I'm coming with my people
Know they hating on the DLow
I'ma hit them with the free throw

Yeah I know you know
Hitting up your phone like I know you know
I can spin a nigga but I'll let it go
You can't be my man, you can give me low
Woo!

Yeah I know you know
Yeah I know you know
Yeah I know you know
