Forty inches swinging off my shit
She got hips but she can't do it like this
Rene the feet and Cartier on my wrist
VCA, she must be a lucky bitch
[?] and this cat got grip
If he ain't peng he can't hit this drip
Too much sauce, I've got too much drip
Too much curves on this bitch, don't trip
I'm popping, I'm lit in this section
He tryna get my attention
Ace of Spades can make room for Redemption
I sip on that shit if you sent 'em
Type of bitch make him not want a daughter
Wrist on water
Arse is water
Like a boss I don't want me a talker
He wanna hold onto me like a hoarder

I'm a stalli', a baddie, a leng one
Look at the score board, it's giving 10-1
They ain't win none
They can't do some
Bitch I'm unbeatable, I put that on mum's
Fuck the sidelines, I don't do bums

I want a man with some bread and a big gun
Only time he on the bench when he press one
They want a wig and the fit like D7
Nobu and she giving MacD's
I've got a warm heart but my wrist on freeze
I stand on business, I don't get it on my knees
Mm-mm
But it gets too tekky
When I'm off the Henny
Tell me when you're ready
Mm
When you know I've got the jelly
Wanna knock boots then you're gon' need wellies

Cah the waist is petite and the arch elite
I ain't a snack no more, I'm a delicacy
Inevitably
I'm on their minds indefinitely
Uh
Speed it up, do that shit [x3]
The way I bust it I can do this shit professionally
I'm on heads, separating it from wigs and weaves
Give me all your Ps, give me all your [?]

Know you like that, uh, uh, uh, uh
