

Too Far

Ms Banks

We've come too far (Ay)
Too many wars and them battle scars (Ay)
Tell me how to mend a broken heart? (Yeah)
Tell me how can I go back to the start
Took so much to depart

You know I'll ride for you
All that I put aside for you
Do all the things you want me to
Can't go back if I wanted to

We've come too far
We've come too far

Baby boy, this ain't no walk in the park
What you know about graft?
Had to hustle 'cause they wouldn't hire us
Wasn't aiming high enough, now you got me fired up
Dig deep, you a diamond in the rough

And they be talking like they're tough talking like they're on stuff
Don't you ever let nobody call your bluff
Stay shining, even though you're tougher than steel
You got a PHD in keeping it real

You know I'll ride for you
All that I put aside for you
Do all the things you want me to
Can't go back if I wanted to

We've come too far
We've come too far

We ain't cut from the same cloth, same cloth
Show me what you're really made, of made of
You'll be watching when I take off, take off, yeah

We ain't cut from the same cloth, same cloth
Show me what you're really made, of made of
You'll be watching when I take off, take off, yeah

Even when they send for me
I hope you keep that energy
I know I'll get what's meant for me
'Cause winning is my destiny
Even when they send for me
I hope you keep that energy
I know I'll get what's meant for me
'Cause winning is my destiny

We've come too far
We've come too far
