

Pieces

MS MR

Cut from marble, cast in stone
We can rise above, or be left to stand alone
You're not alone

Love so carelessly
Love so selflessly
What more would it take
For me to prove I won't forsake your love?

I said baby don't worry
Cause it's all the same
The way we end the game
Picking up the pieces with you
I said baby don't worry
Cause it's all the same
Keep on picking up the pieces with you

Itching for sin
For any reason you can find
To let yourself give in
Don't let yourself give in

Love so carelessly
Love so selflessly
I know you better than I know myself
I wouldn't rather be anywhere else

I said baby don't worry
Cause it's all the same
The way we end the game
Picking up the pieces with you
I said baby don't worry
Cause it's all the same
Even when we lose we gain
Don't worry, don't worry
Cause it's all the same
The way we end the game
Don't worry, don't worry
Cause it's all the same
Keep on picking up the pieces with you

Knee deep in water but we're not sunk in yet
No peace in panic, or life without regret
You thought you only needed yourself
But it takes a bigger man to admit that he needs help
Knee deep in water but we're not sunk in yet
No peace in panic, or life without regret

I said baby don't worry
Cause it's all the same
The way we end the game
Picking up the pieces with you
I said baby don't worry
Cause it's all the same
Even when we lose we gain
Don't worry, don't worry
Cause it's all the same

The way we end the game
Don't worry, don't worry
Cause it's all the same
Keep on picking up the pieces with you
