Arachnophobiac

MSG (Michael Schenker Group)

One lonely spider
Creepy crawlin up my wall
Two more inside of my shoe
I found his friends in my bed
In the night they're crawlin on my head
What am I supposed to do?

This is an infestation
Changin the sheets won't do!
It needs a fumigation
And I don't wanna be there when they come out!

Too many spiders
Creepy crawlin on my wall
Don't like to stay here alone

I see a big ol' sticky web
In the shower they're right overhead
I just need to go back home

This is an infestation
Changin the sheets won't do!
It needs a fumigation
And I don't wanna be there when they crawl out!

I want my money back!

Creepy crawlin up my wall
I found his brother in my shoe

He's got some friends in my bed
In the shower they fall on my head
Where's that hairy one crawlin to?

This is an infestation
Changin the sheets won't do!
It needs a fumigation
They're comin after you!
