

## Because I Can

MSG (Michael Schenker Group)

Cruisin' down the back roads  
Runnin' out of time  
Mind's eye on the frequency  
I'm driving on the line  
Nothing coming easy  
Had to toil for the truth

Had to dig on down to the underground  
Just to find out what it's worth - yeah  
I know I can't fake it  
My soul I can't deny  
Steppin' up and take it  
Because I can!

Nights are getting colder and  
Winter's on the way  
Silence on the airwaves  
The images are grey  
Cruisin' down the back roads  
Runnin' out of fuel  
Had to dig on down to the underground  
Just to get it back home to you

I can't stand to fake it

Life is on the line

Step right up and take it  
Because I can!

I know I can't fake it  
Because I can!
