

City Lights

MSG (Michael Schenker Group)

Spent my life girl leaving this town
Taking a break from your darker side
You lost your chance girl of bringing me down
Telling your friends everything was right
Gonna ride to a safer place now
You don't know how good it feels
The last fight in the middle of the night
Now I'm burning out my wheels

Why are you out to get me
One more time
Can't you ever leave it
Baby your so blind

All the city lights
Flash through my mind
All the city nights
Is when I feel alive
All the city lights
Are blinding out my past
Keeps going over and over

You had your claws in me and I ain't going down
Had a taste, wet your appetite
Said at the time quit your messing me around
I'll get the hell outa here and find a life

I can't get far from you, your loves unreal
I can't seem to get my message through
My fate is sealed
All the city lights
Flash through my mind
All the city nights
Is when I feel alive
All the city lights
Are blinding out my past
Keeps going over and over
