Devil's Daughter

MSG (Michael Schenker Group)

Super high stiletto's
She turns on the wheel
Boy she makes my engine run
Yes she makes me feel
Sets my world on fire
Dragging me to hell
A Hollywood attraction
I'm lost under her spell

Midnite now it's showtime
Bringing out the best
Lady of the underworld
In her red hot dress

Beware the devil's daughter
If you're coming to town
Watch out for devil's daughter
She burns like a flame

Every night in LA
It's the same old scene
Trying to raise some money
Chasin' on her dream
Sold her soul for dollars
Whilst she smiles in my face
Nothin' but pretending
She cheats in all her ways

Playing around with fire
Playing with my heart
This waitress from a topless bar
Knows how to deal the cards

Beware the devil's daughter
If you're coming to town
Watch out for devil's daughter
She burns like a flame

Beware the devil's daughter
If you're coming to town
Watch out for devil's daughter
She burns like a flickering flame
