

## Everest

MSG (Michael Schenker Group)

Holy mountain in the east  
High up where the spirits meet  
And the shiny clear horizon  
Pretends to be the only one  
Find your destination  
Now your trip has just begun

If you knew there's no tomorrow  
Would you climb up to the sky

Everest  
Puts you to the test  
Everest  
Will you ever last

Snow is blinding eyes can't see  
Heaven's call is hell to be

If you knew there's no tomorrow  
Would you climb up to the sky

Everest  
Puts you to the test  
Everest  
Will you ever last

It's another tale of glory  
Some will call it victory  
Of the human spirit  
Satisfaction guaranteed

Everest  
Puts you to the test

Will you ever last
