

## Flesh and Bone

MSG (Michael Schenker Group)

We love motor cars and rising stars, vacation without an end  
We need summertime when feeling tired, party with our friends  
If you don't like it, see what's wrong with you  
I got a kickstart right in the morning  
And work the whole night through

We're on fire  
Making good times roll  
Taking us higher  
Whatever we may do

We're only flesh and bone  
One life, that's all we own  
One day we will be close  
'Til then, we're flesh and bone  
Whoa-oh  
Only flesh and bone  
Whoa-oh  
Yeah

If you ever come to Los Angeles  
There's only one place you must go  
You can meet us, have the whiskey there  
As we're putting on the show

We're on fire  
We make the good times roll  
Taking us higher  
Whatever we may do, go!

We're only flesh and bone  
One life, that's all we own  
One day we will be close  
'Til then, we're flesh and bone  
Whoa-oh  
Only flesh and bone  
Whoa-oh  
Only flesh and bone

We're only flesh and bone  
One life is all we own  
One day we will be close  
'Til then, we're flesh and bone  
Whoa-oh  
Only flesh and bone  
Whoa-oh  
Only flesh and bone
