How Will You Get Back

MSG (Michael Schenker Group)

I've been a fool when I was younger
Reckless and wild
I've felt the rain come down and thunder
Came in to the dry
You may think it's all just a silly game

Living like you do
But watch the river rise around you
It'll come and take you away
No time for startin' over

It's always one more time
You justify your livin'
You say it's not enough
Now tell me one more time
With all the lies you're givin'
How will you get back?

So when you say you've got it all figure out
I've been there too
The world will open up and swallow

Pulling you down, down
No time for startin' over
You've gone and thrown it all away

When you're off the edge
Woah, yeah
One more time
One more time
