

## Night Moods

MSG (Michael Schenker Group)

I been up all nite  
Now I want it right  
Don't need no time  
Can't hold the line  
Let's get it straight  
Well I just can't wait  
You are hot desire  
Girl, you take me high

Don't ever let me be  
Walk into the dawn  
On and on and all alone

Night moods  
We go on as love fools  
We pay  
Night moods  
Never stops as we lose  
Our way

In the city heat  
I can feel the beat  
Of my hungry heart  
Tearing me apart  
Going down in flames  
As you play your game  
You got me so fired up  
Babe, I cannot stop

Don't ever let me be  
Walk into the dawn  
On and on and all alone

Night moods  
We go on as love fools  
We pay  
Night moods  
Never stops as we lose  
Our way

Night moods  
We go on as love fools  
We pay  
Night moods  
Never stops as we lose  
Our way

Night moods  
I been up all nite  
Night moods  
In the city heat  
Night moods  
Never stops as we lose  
Night moods

Night moods  
You're tearing me apart

Night moods  
Going down in flames, going down in flames  
Night moods  
Night moods  
I'm going down and down and down
