

Rock Steady

MSG (Michael Schenker Group)

It all began long ago, you have to understand
The boy became a rock star with a guitar in his hand
Dreamin' on, dreamin' on, nothing's ever changed
Sing songs from east to west, bringing out the best

Spotlight, I could feel the temperature risin'
So get right, ready to explode, I'm ignitin'
Hands up, we gotta get this started
Get up, you gotta get it wanted

Livin' it up, rock steady
Livin' it up, we're keepin' the faith
Livin' it up, rock steady
Takin' you back to your yesterdays

Oh, oh

Run wild, thes shot of tequila mixed with bad boys
Sweet child, when you sing to me, I'm in trouble
Hands up, we gotta get this started
Get up, you gotta get it wanted

Livin' it up, rock steady
Livin' it up, we're keepin' the faith
Livin' it up, rock steady
Takin' you back to your yesterdays

Livin' it up, rock steady
Livin' it up, we're keepin' the faith
Livin' it up, rock steady
Takin' you back to your yesterdays
