

The Ride

MSG (Michael Schenker Group)

We're looking for power of rock forever
Know the magic in the ride
You and I, we could fly
Let the sound lead you to the ride

We're spending our time like now or never
Know the magic is the rock

Still I try, I can fly
Let the sound lead you to the ride

You never get old, you can't stay young
Why do believers stay unsung?
And there's a place for everyone
Oh how can I tell you this feelin'
The magic is in the ride

We're spending our time like now or never
Know the magic is the rock
You and I, we could fly
Let the sound lead you to the ride

You never get old, you can't stay young
Why do believers stay unsung?
And there's a place for everyone
Oh how can I tell you this feelin'
The magic is in the ride

You never get old, you can't stay young
Why do believers stay unsung?
And there's a place for everyone
Oh how can I tell you this feelin'
The magic is in the ride
