

Time Knows When It's Time

MSG (Michael Schenker Group)

There's a warning cry
Darkness on the rise
The thunder rolls through the clouds
A wicked storm blowing from the east

Birds of steel, flying high
Fury in their hearts
Tonight's the night
The killing starts

We are all the same
No one is to blame
And we live until tomorrow
It's time when it's time
We are not alone
We just carry on
We don't wait until tomorrow
'Cos time knows when it's time

The serpent in the desert sand
Weaves his way through this ancient land
Where eagles make their final stand

We are all the same
No one is to blame
And we live until tomorrow
It's time when it's time
We are not alone
We just carry on
We don't wait until tomorrow
'Cos time knows when it's time

There's a warning cry
Darkness on the rise
The thunder rolls through the clouds
A wicked storm blowing from the east

We are all the same
No one is to blame
And we live until tomorrow
It's time when it's time
We are not alone
We just carry on
We don't wait until tomorrow
'Cos time knows when it's time

We are all the same
No one is to blame
And we live until tomorrow

We are not alone
We just carry on
We don't wait until tomorrow

It's time when it's time
