

## Roadside Bar

Mt. Desolation

I was sitting in a roadside bar  
A roadside bar, a roadside bar  
Tired from drinking in a roadside bar  
Thinking about the things you said  
Wondering how you thought it was ok  
To turn our back on me that way  
Spent a little too much time today  
Thinking about the things you said  
Thinking about the things you said  
The Road to Heaven or the Road to Nowhere  
No way of telling when you've gone too far  
I dream of lovers and the dream of love  
In a roadside bar, a roadside bar  
A roadside bar, a roadside bar  
The sun is spilling into darkened corners  
Pretty faces in a passing car

The spark of something from the bones of love  
A roadside bar, a roadside bar  
A roadside bar  
The room is spinning in a roadside bar  
I've flown so far and searched so hard  
For a new beginning or a guiding star  
After everything you said  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar  
A roadside bar, a roadside bar
