

## Hope We Have Fun.

Mt. Joy

Mmm, mmm  
Mmm  
Mmm, mmm, mmm

Try not to give into fear  
If you make too much of nothing, you might disappear  
And in the long run of this dream I'm on  
Where you're still here when I'm gone  
I will love you where the moon goes  
Where the light shines, where it doesn't show

Heaven help us if you can  
Just us, then I'm your man  
I will carry you when your dream dies  
Swim with you when the seas rise, singing

Whoa, I hope we have fun  
Chasing all around the sun  
Whoa, I hope we have fun  
Chasing what we will become

Mmm, mmm  
Mmm  
Mmm, mmm, mmm

The maroon string on your drunk hand  
Waving back and forth in my brainstem  
I believed then more than anything  
But in the beginning, love is deception  
So I'm so zoomed in on this feeling  
Throw my head way back, and we're singing

Whoa, I hope we have fun  
Chasing all around the sun  
Whoa, I hope we have fun  
Chasing what we will become

Mmm, mmm  
Mmm  
Mmm, mmm, mmm
